The following communication was received and read:

State of New Jersey

Civil Service Commission

Trenton, September 11, 1922.

Honorable William J. Egan,
City Clerk,
City Hall, Newark, N. J.

Dear Sir:

The Civil Service Commission has recently considered the question as to whether or not it would require a formal resolution by the City Commission in changing titles and grades of employes in the classified service, or whether it would consider sufficient the approval of such proposed changes by the Civil Service Commission on the request of the Director in whose department the changes are to be made. In conference with Mr. Congleton recently, the Commission concluded with him that formal resolution was not necessary.

The Commission has since further considered the matter and it is its conclusion that it would prefer a resolution by the City Commissioners in all such cases in order that the records may be complete and official and possible errors may be avoided. This question happens to come up at this time by reason of the Connorton case which your Commission disposed of by resolution under date of August 15th.

Will you kindly bring to the attention of the Honorable City Commission that in all cases involving change in grade, change in salary schedule, or other changes affecting members of the classified service, that it is the desire of the Civil Service Commission to have such changes made official by the adoption of the usual resolution.

Very truly yours,

The Civil Service Commission,

Chas. P. Messick,

Chief Examiner and Secretary.

Ordered referred to the Corporation Counsel.

Commissioner Howe offered the following resolution:
